ENVIRONMENTAL CHECKLIST
SUPPLEMENTAL SHEET FOR NON-PROJECT ACTIONS

CHECKLIST NO.:__

Use this supplemental checklist for "non-project" actions which are different or broader than single site specific project such as plans, policies and program. Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage or release of toxic or hazardous substances; or production of noise?

These amendments are primarily procedural amendments to establish new regulatory rules and clarification of existing regulatory code standards in Puyallup Municipal Code titles 19, 20 and 21. One proposed amendments will increase the amount of earthwork that is exempt from SEPA review. None of the proposed amendments are anticipated to increase discharge to water; emissions to air; production, storage or release of toxic or hazardous substances; or production of noise.

Proposed measures to avoid or reduce such increases are:

The increase in earthwork exempt from SEPA review would still be regulated by the city's clear, fill and grade regulations.

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

These amendments are procedural amendments related to various code sections. No impacts to plants, animals, or marine life have been identified as a result of the non-project proposal.
Proposed measures to protect or conserve plants, animals, fish, or marine life are:

None proposed.

3. How would the proposal be likely to deplete energy or natural resources?

These amendments are procedural amendments related to various code sections. No impacts to energy or natural resources have been identified as a result of the non-project proposal.

Proposed measures to protect or conserve energy and natural resources are:

None proposed.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

One proposed code amendment will add language regarding inadvertent discovery of historic or cultural sites. This amendment should serve to better protect these sites. No direct impacts to environmentally sensitive areas have been identified.

Proposed measures to protect such resources or to avoid or reduce impacts are:

None proposed.

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

These amendments are primarily clean up in nature, with some additional areas that will be more consistent with and better implement existing comprehensive plan policies.

Proposed measures to avoid or reduce shoreline and land use impacts are:

None proposed.

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

Proposed code amendments will not directly impacts level of service provision. Project specific impacts will be reviewed at time of specific application.

Proposed measures to reduce or respond to such demand(s) are:

None proposed.
7. Identify, if possible, whether the proposal may conflict with local, state or federal laws or requirements for the protection of the environment.

    *Staff has not identified any inconsistencies with other environmental protection laws.*

SIGNATURE

I hereby state that I am the owner or authorized agent listed above, and certify that all information contained above and in exhibits attached hereto are true and correct to the best of my knowledge and belief. I understand that the processing of this application may require additional supporting material upon request to City staff.

RIGHT OF ENTRY: By signing this application the applicant grants unto the City and its agents the right to enter upon the premises for purpose of conducting all necessary inspection to determine compliance with applicable laws, codes, and regulations. This right of entry shall continue until a certificate of occupancy is issued for the property.
