

2010 CENSUS: IT'S IN OUR HANDS

---

Beginning in April, U.S. Census workers will be knocking on doors in our community in order to verify addresses for the 2010 Census.

These workers will have an official Census Bureau badge and will not ask you for personal information such as your social security number. If you wish to check on the identity of a Census worker in your neighborhood, please contact the Tacoma Census office at (253) 267-7201.
