

PUYALLUP PUBLIC LIBRARY

Downloading library eBooks to a Kindle or device using the Kindle app

How borrowing works :

eBooks circulate like other library materials. The library owns a copy of each title.

You may have 5 eBooks out at a time, and 5 requests pending at a time.

The eBook lending period is 14 or 21 days.

Audiobooks in the Anytime Library collection are not compatible with the Kindle.

How to download a title for use with Kindle :

1. On your laptop or pc click on the link to Washington Anytime Library on Puyallup Public Library's website (<http://www.cityofpuyallup.org/library/> Select the "Catalog & More" tab, then select "Download audiobooks & ebooks"), or go to: anytime.lib.overdrive.com
2. Log into your account on the Anytime Library. Select the Puyallup Library then use your Puyallup library barcode number (back of the library card) and your PIN (usually the last 4 digits of your phone number).
3. Browse or search for a Kindle eBook title you want to borrow. Copies that are checked out it will say "Request this Item", indicating that you need to wait for the previous patron to finish reading. If a copy is available it will say "Add to Cart".
4. A quick way to find available Kindle copies is to click on the "Advanced Search" link, which is located underneath the Quick Search box on the left hand side of the page. Under the "Format" section, choose the drop-down menu for "Kindle Book", check the box for "Only show titles with available copies" if you only want to see which books are available for checkout right now, and press Search. Otherwise, just select "Kindle book" and press Search.
5. Browse the list of titles and find something that you want to checkout.
6. Click the "Add to Cart" button for the title making sure to choose the Kindle Book copy.
7. Click "Proceed to Checkout".
8. Adjust the lending period if needed and click "Confirm Checkout".
9. Click the "Get for Kindle" button. This opens a second window or tab for the Amazon.com website. You will be required to sign in with your Amazon.com account if you are not already logged in. (If you are already logged in, skip to step 10. now.) After you sign in to your Amazon.com account go to "Your Account" page, and then scroll down to "Manage your Kindle" (this is under the "Digital

Content” section). You will see the book title, then and “Actions” button on the right hand side. Under “Actions” select “Deliver to my....”

10. Select a Kindle device or Kindle reading app by clicking the drop-down arrow under “Deliver To”.

11. Click the “Get Library Book” button. A confirmation screen will appear. If an active Wi-Fi connection is turned-on on your Kindle, go to the Kindle’s Menu, then select “Sync & Check for Items”. The eBook will then download directly to your Kindle.

12. If your device is not Wi-Fi capable or you do not have an active Wi-Fi connection, you can transfer the eBook title to your Kindle via USB. Plug your Kindle into your computer via the USB cord. On the Amazon.com confirmation screen click “Download now”. After the file downloads copy the downloaded file from your computer to your Kindle’s documents folder.

How to return item early :

Log into your Amazon.com account and go to the section “Manage Your Kindle”.

Click the dropdown box “Actions” at the end of the title you want to return. Choose “Return this book”.

What to do when your eBook expires :

When your license to view the eBook expires, you will no longer be able to read the title. However, the data for the eBook will remain on your Kindle until you delete it.

To delete the eBook from your Kindle, underline the title and use the left button on the 5 way controller.

Click “Remove from device” to delete the title.

To delete the title out of your Amazon.com, login and go to the section “Manage your Kindle”.

Click the dropdown box “Actions” at the end of the title you want to delete. Choose “Delete from library”.
