The above scenario reflects sewer charges without using the consumption average.

Sanitary sewer services are based on your actual water usage (consumption) during the months of December, January 1st through April 30th, and May.

Your consumption average is used for bills dated June 1st through November 30th. The two bills dated between January 1st and April 30th are used to create the consumption average.

The City of Puyallup offers utility rate discounts for seniors and disabled citizens.

The City of Puyallup uses the same eligibility criteria as the Pierce County Assessor's Office.
