Property and Facility Information

Is this an application for:

(i) New franchise? Yes No

(ii) Renewal/amending an existing master permit/ franchise? Yes No

(iii) Transfer of a master permit/ franchise? Yes No , if yes, identify who currently holds the franchise:

If you are renewing/amending an existing master permit/ franchise, has your master permit/ franchise otherwise expired?

Yes No

If not, what is the expiration date of your current master permit/ franchise?

Describe the telecommunications services that will be offered over the telecommunications facilities.

The applicant may answer yes to one or more of the following questions.

Are you proposing to install facilities for personal wireless services? Yes No

Are you proposing to install small cell facilities in the right of way (as that term is defined in PMC 20.59A.030(15))? Yes No

Are you proposing to install wireline facilities? Yes No

Are you proposing to install only one facility in the right of way? Yes No

Are you proposing to operate cable service or other video programming service? Yes No

Are you proposing to install a wireless communications tower in the right of way? Yes No

Are you proposing to install new poles in the right of way? Yes No

Are you proposing to install replacement poles in the right of way? Yes No

If you are proposing to install replacement poles in the right of way, will these poles be over 60 feet?
Yes No

Are you proposing to install ground equipment in the right of way? Yes No

Describe the telecommunications facilities and/or other equipment (including personal wireless services and wireless communications facilities) proposed to be located within the right-of-way. Please provide a photo simulation of the proposed facilities, which shall include a description of any interconnection and electrical requirements, as well as height and concealment techniques.

Describe the areas of the City that are anticipated to be served. What is the expected build-out schedule for these areas? If the City is already built out, describe if there are any expected construction projects.

What alternate routes and/or locations for the proposed facilities have been evaluated? Explain why this site is the best alternative.

Do you have an existing pole attachment or lease agreement with owners of poles in the right of way?
Yes No

Have you commenced coordination with pole owners regarding usage of their facilities and their requirements for leases/pole attachments? Yes No

Is the applicant requesting to locate on City-owned poles (note: if applicant requests usage of a City-owned pole it will need to enter into a separate lease agreement with the City)? Yes No

Is electrical power to your facilities needed? Yes No

If electrical power is needed, please describe how the facilities will receive electrical power.

Have you commenced coordination with the local electrical utility about their requirements to provide electrical power to your facilities? Yes No

Is backhaul infrastructure to your facilities needed? Yes No

Is the backhaul infrastructure provided by a third party? Yes No

If backhaul is needed, please describe how the facilities will receive backhaul.

Have you commenced coordination with backhaul providers regarding their requirements to provide backhaul services to your facility? Yes No

If the facilities are using microwave technologies for backhaul, are there existing macro facilities within the City (or neighboring jurisdictions) to support this technology? Yes No

Please describe if your facilities will need any additional interconnection with existing telecommunications facilities or carriers.

Describe in detail the services that you expect to provide within the City, including whether the provision of services will be to commercial and/or residential customers.

Provide a summary of all utility taxes the proposed activities, facilities, and other equipment will be subject to. In doing so, provide an estimate of income/revenues that can be used to calculate

estimated future utility taxes. Should the applicant believe it is not subject to any utility taxes, provide the basis for such belief.

Explain whether the Internet Tax Freedom Act does or does not apply to the services being provided.

The City of Puyallup reserves the right to ask additional questions on a case by case basis.

Certification

I certify that the information and any attachment herewith submitted are true and correct to the best of my knowledge and that I have the authority to file this application and act on behalf of the above named telecommunications provider or carrier.

ALSO SUBMIT WITH THIS COMPLETED APPLICATION FORM:

- 1) Provide a map of the area to be covered by the franchise and include specific locations of initial build-out and, if known, proposed future build-out locations. Identify which facilities will be underground, ground based and aerial. Provide photo simulations per type and height of pole, concealment techniques and backhaul equipment (if used).
- 2) The initial location proposed for new ducts, conduits, or poles, and evidence that there is sufficient capacity within the public ways for the proposed telecommunications facilities. *Note: Applicants seeking to install new poles must follow the procedures outlined in the municipal code. Applicant should not presume that requests to install new poles will be approved.*
- 3) Evidence of registration in the one-number locator service, as described in RCW Chapter 19.122.
- 4) Evidence of registration with the Washington Utilities and Transportation Commission.

- 5) Financial statements prepared in accordance with generally accepted accounting principles demonstrating the applicant's financial ability to construct, operate, maintain, relocate and remove the facilities.
- 6) Description of any zoning or land use permits that have been applied for or obtained from the City, as applicable.
- 7) Please provide a list of all cities in Washington (up to five) where the applicant has obtained a franchise or master permit for the same services proposed in this application.
